#### Favorite quote:

"The secret of life isn't in what happens to you, but what you do with what happens to you."

*~Norman Vincent Peale ~*

#### Hometown/Education/Family

I am a graduate of the U of South Dakota with a BS degree in Psychology. I have lived most of my life in small town, Springfield SD, and plan to spend my life there. Growing up in a small town in the Midwest has influenced me to be a positive and compassionate person with strong family ties. It has also created my passion for the outdoors and everything in it. When not spending time with my family, I am an avid hunter and also enjoy fishing, golfing, and sporting events.

#### TESTIMONIAL

Adam did an excellent job in letting me know that there was an individual out there that could fit into our sales force. He quickly arranged an interview with our new employee. He was very clear that both parties knew exactly what the other one wanted and was thinking. I'd like to thank him for making this all come together so quickly.
